PERFORMANCE - PROFITABILITY - LONGEVITY

Welcome To Our 2026 Sale

This year, we are proud to present another outstanding lineup of cattle, backed by proven genetics, structural soundness, and performance. We are confident there is something here to add real value to your program.

We warmly welcome you to our home and appreciate you joining us for this annual event. Our breeding program continues to focus on producing cattle that are practical, profitable, and built to last. If you would like to inspect the cattle prior to sale day, please don't hesitate to get in touch, we are always happy to assist. We hope you enjoy the day and our hospitality.

2026 has already been a landmark year for Tennysonvale, highlighted by the success of **Lot 44 – Tennysonvale Verge (P)**, who was awarded **Supreme Interbreed Champion Bull, Supreme Interbreed Junior Champion Bull, and Supreme Simmental-Fleckvieh Exhibit at the Sydney Royal Easter Show**. To reach this level on one of the biggest stages in the country was an incredible honour and a proud moment for our family. Importantly, these results reinforce the consistency and quality of the cattle we are producing, and we are excited to offer cattle from the same program and in this case, the very bull himself, in this year's sale.

Animal health remains a top priority with all sale cattle having received the required vaccinations, including 7-in-1, pestivirus, tick vaccine, drenching, and lice control, ensuring they are presented in the best possible condition.

In 2026, we offer a strong draft of females, comprising 43 heifers, 14 of which are homozygous polled. For the first time in many years, 5 of the heifers on offer are pregnancy tested in calf. Our bull offering has been carefully selected to suit a wide range of operations, combining performance, phenotype, and adaptability. This year's lineup includes 30 polled bulls, with 15 confirmed homozygous polled. This is a draft we believe offers genuine depth, consistency, and quality right throughout, providing buyers with the confidence to invest across the catalogue.

The sires represented in this year's sale are led by heavily used and proven performers, including Rivulet Handsome (P), Tennysonvale Sherpa (PP), Tennysonvale Sawyer (P), and Tennysonvale Tikardo (P). These sires have been instrumental in shaping the consistency, structure, and performance of our current draft. They are supported by a select group of complementary genetics including Tennysonvale GT-P (P), Tennysonvale Sow (PP), Yerwal Est Quality Kid (P) (ET), Warrowie Moses (PP), Tennysonvale Rick (P), Koopa Creek Red Dog R168 (PP), and Rowlon Park Pirelli (P), providing depth, balance, and reliability throughout the offering.

We are excited about the continued progress of our program and optimistic about the future of the Simmental and Fleckvieh breeds. To our valued past buyers, underbidders, and those joining us for the first time, thank you for your interest and support.

We would like to take this moment to acknowledge the continued support of our clients and friends. Our sale is built on these relationships, and we are incredibly grateful for the loyalty shown to Tennysonvale over many years.

We wish you all the best on sale day and hope you find success with your purchases.

This year, Tennysonvale Verge claimed numerous major titles at the Sydney Royal Easter Show:

- Supreme Interbreed Champion Bull
- Supreme Interbreed Junior Champion Bull
- Supreme Simmental-Fleckvieh Exhibit

In the ring, judges praised his balance of performance and structure, with his movement, depth, muscle, masculine outlook, and overall presence setting him apart at every stage of judging.

Described by judges as a bull that “just floats along, with fantastic movement” with “softness, soundness, masculinity, and a square, powerful hindquarter,” and ultimately “the kind that makes you stop mid conversation and have another look”.

Tennysonvale will be retaining a semen share in this bull, a reflection of how highly we regard him.

We welcome your bids with confidence, this is a bull not to be missed.
